## New Locking Design Stainless Steel Fishing Pliers

### CX08RL

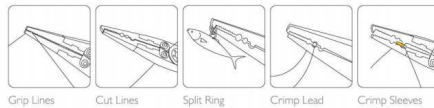

- Stainless steel pliers, with superior rigidity and durability
- Multi-functional jaws for opening split rings and crimping
- Tungsten carbide cutters, for easy cutting braided line
- Rust free, soft grip, for light-weight portable
- Corrosion resistant Teflon coating in salt water
- Size: 7.5"

## Stainless Steel Fishing Pliers

### CX08

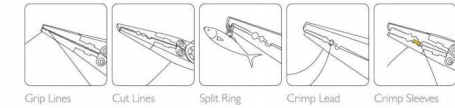

- Stainless steel pliers, with superior rigidity and durability.
- Multi-functional jaws for opening split rings and crimping.
- Tungsten carbide cutters, for easy cutting braided line.
- Comfortable TPR handles.
- Corrosion resistant coating treatment.
- Size: 7.5"/190mm

## Stainless Steel Fishing Pliers

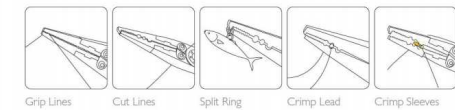

### CX08SR-1

- Stainless steel construction for superior rigidity and durability
- Multi-functional jaws for opening split rings and crimping
- Tungsten carbide cutters, for easy cutting braided line
- Rust free, soft grip, for light-weight portable
- Corrosion resistant Teflon coating in salt water
- CX08S Size: 6"/160mm Weight: 85g

### CX08SR-2

- Stainless steel pliers, with superior rigidity and durability
- Multi-functional jaws for opening split rings and crimping
- Tungsten carbide cutters, for easy cutting braided line
- Rust free, soft grip, for light-weight portable
- Corrosion resistant Teflon coating in salt water
- CX08S Size: 6"/160mm Weight: 85g

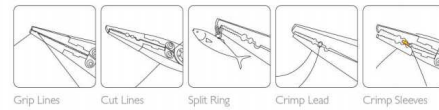

## Split Ring Pliers

### CX05

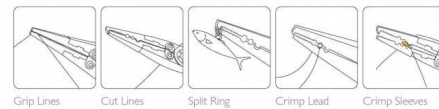

- Multi-functional jaws for opening split rings and crimping.
- Stainless steel made, for superior rigidity and durability.
- Tungsten carbide cutters, for easy cutting braided line.
- Hollowed-out handle design, for light weight.
- Corrosion resistant coating treatment.
- Size: 6.5"/165mm

## Big Game Stainless Fishing Pliers

### X412

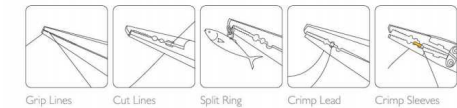

- 420 stainless steel for superior rigidity and durability
- Tungsten carbide cutters with 70 HRC hardness, more hardness and sharp to cut braid and mono lines.
- Big game split ring jaws with long-reach design for deep throat hook remover
- Teflon finished for rust-free in salt water
- Ergonomic wave handles for comfortable grip
- Size: 8"/21cm, Weight: 240g
- Not for sale in Japan

## Split Ring Pliers

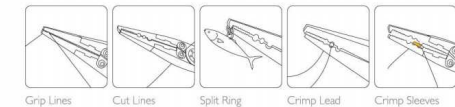

### X413

- High forged carbon steel for superior rigidity and durability
- Tungsten carbide cutters with 70 HRC hardness, more hardness and sharp to cut braid and mono lines
- Special for 0#-3# split ring opening
- Teflon finished for rust-free in salt water
- Ergonomic soft molded handles with leverage structure for power-saving
- Size: 6.3"
- Not for sale in Japan

### X41D-7"

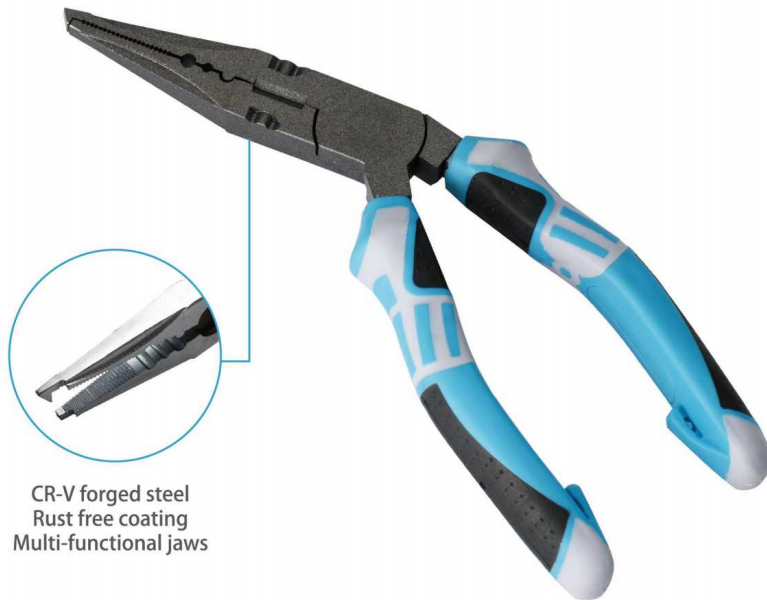

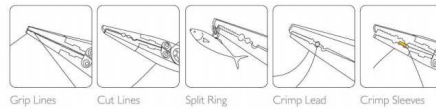

- Carbon steel construction.
- Multi-functional jaws, for split ring opening, crimping sleeves or leads.
- Tungsten carbide cutters, for braided line cutting.
- Rust resistant nickel finish.
- Ergonomically soft grip, slip resistant, comfort and reduce hand fatigue.
- Size: 7"/178mm

## Cr-V Forged Fishing Pliers

### CX01

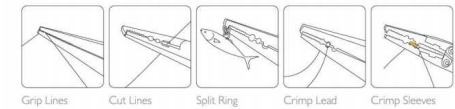

- Made of Cr-V forged, oil-hardened, superior rigidity and durability.
- Handles with ergonomically shaped soft gripper.
- Rust-free surface treatment.
- Multi-function for cutting and processing crimping.
- Size: 7"/178mm

## Double Leverage Split Ring Pliers

### X54-1

- Drop forged CR-V steel, 60 HRC hardness.
- Smooth locker, for safe use.
- Ergonomic design soft handles.
- Over 50% power-saving for split rings, crimping and wire cutting.
- Size: 9"/225mm

## Side Cutter Pliers

### X54-3

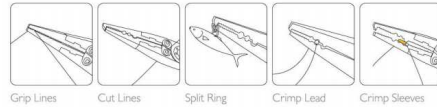

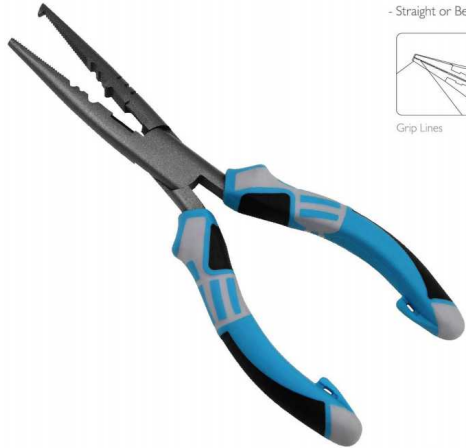

- Drop forged CR-V steel, 60 HRC hardness.
- Smooth locker, for safe use.
- Ergonomic design soft handles.
- Over 50% power-saving for cutting large hooks, line & leaders.
- Size: 8"/210mm

## Split Ring Pliers

### X41

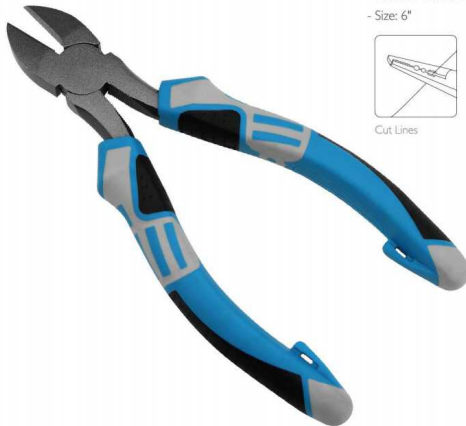

- Drop forged high carbon steel, with functions of opening split ring, wire cutter, crimping leads and sleeves.
- Teflon finished jaws.
- Comfortable nonslip grips keep pliers steady.
- Optional size: 7", 9"
- Straight or Bent nose are available.

## Side Cutter Pliers

### X42

- Drop forged high carbon steel, ideal for wire cutter.
- Teflon finished jaws.
- Comfortable nonslip grips keep pliers steady.
- Size: 6"

## Crimping Pliers

### X45

- Drop forged high carbon steel, hardened and tempered for durability.
- Teflon finished jaws.
- With built-in staking dies.
- Size: 5.5"

## 3 IN 1 Folding Eging Tool

### XK08

- Made of aluminium body and stainless steel
- Multi-purpose function, equipped with a gaff, spike and hook .
- Comes with a carabiner for easy use.
- Folded length: 8.5cm, Full length: 14.5cm

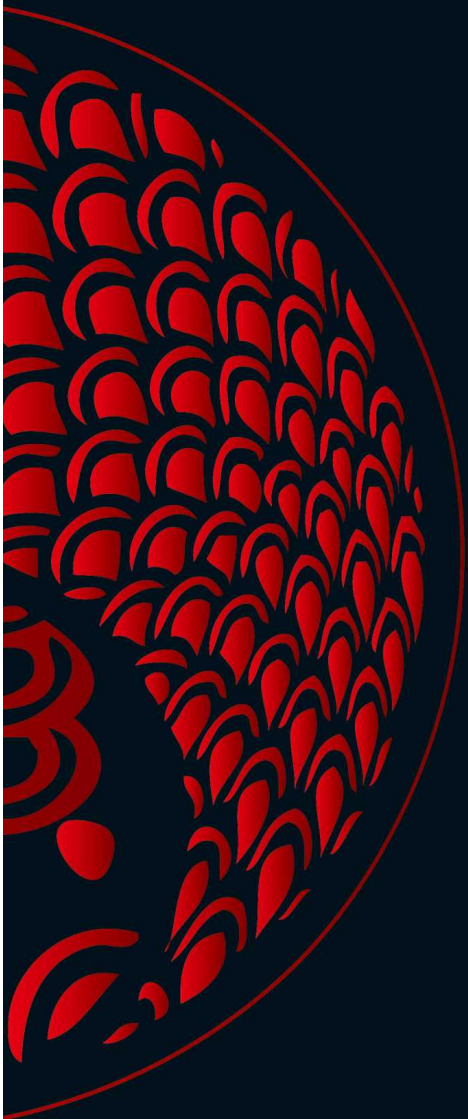

## 2 IN 1 Folding Eging Tool

### XK08T

- Made of aluminium body and stainless steel
- Multi-purpose function, equipped with a spike and hook .
- Comes with a carabiner for easy use.
- Folded length: 8.5cm, Full length: 14.5cm

## Grip Master

### Aluminum Fish Lip Grip with Integrated Carabiner

#### X33D

- No rusting due to marine grade aluminium alloy.
- Fast and convenient hanging by integrated carabiner.
- No hurt to fish, by wide plates at the end of jaws.
- Easy movement by ergonomic trigger.
- Non-slip control by firm grip.
- Length: 8.5"/215mm, Weight: 145g

### Aluminum Fish Lip Grip

#### X33G

- No rusting due to marine grade aluminium alloy.
- Easy movement by ergonomic trigger.
- Rotatable end-hole design, for easy carry and connection with lanyard.
- No hurt to fish, by wide plates at the end of jaws.
- Length: 9"/230mm Weight: 125g

## 2 in 1 Aluminum Fish Lip Grip

### X311

- Made from high quality aluminum alloy. Light weight portable.
- Foldable 2 in 1 design, perfect for big or small fish.
- With built-in lock, for tightly hold by 2 style.
- Unfolded size: 285mm. Folded size: 180mm.

## Aluminum Fish Lip Grip

### X33SS

- Made of stainless steel and aluminum alloy.
- Grip fish gently but securely to handle them more safely with this fish lip grip.
- Great for handling freshwater and small saltwater fish species.
- Size: 5.3"

### X33S

- Made of stainless steel and aluminum alloy.
- Grip fish gently but securely to handle them more safely with this fish lip grip.
- Great for handling freshwater and small saltwater fish species.
- Size: 6.5"/165mm

## Aluminum Fish Lip Grip

### X33

- Made of stainless steel and aluminum alloy.
- Grip fish gently but securely to handle them more safely with this fish lip grip.
- Great for handling freshwater and small saltwater fish species.
- Size: 9.4"/238mm Weight: 140g

### X33H

- No rusting due to marine grade aluminium alloy.
- Easy movement by ergonomic trigger.
- Ergonomic shape with rubber insert grip design, providing comfortable holding the fish.
- No hurt to fish, by wide plates at the end of jaws.
- Length: 9.5"/250mm, Weight: 182g

## Aluminum Fish Lip Grip With Scale

### X3I

- Made from high quality aluminum alloy.
- Comfortable rubber handle.
- Stainless steel spring loaded.
- Anodized available with red, blue and gun-metal grey color.
- With scale, the main tube is allowed to spin inside the grip tube while the scale spring acts as a shock absorber.
- Built-in scale, max capacity 28lbs.
- Size: 11.4"/290mm.

### X3I3

- CNC machined aluminum alloy body with stainless steel jaws
- Rotatable EVA handle for more comfortable grip
- Built-in scale, max capacity 20 kg
- Length: 270mm, Weight: 205g

## Stainless Steel Fish Lip Grip

### X32A

- Made of marine grade stainless steel.
- Stainless steel spring loaded.
- Soft PVC Handles.
- Hanging cord for easy taking.
- Size: 10"/255mm

## Stainless Steel Fish Lip Grip With Scale

### X32

- Made of marine grade stainless steel.
- Built-in scale, max capacity 40lbs/18kg.
- Teflon finished jaws, available with red, blue and gun-metal grey color.
- Stainless steel spring loaded.
- Hanging cord for easy taking.
- Size: 10"/255mm.

## Stainless Steel Fish Lip Grip

### XG32I

- Stainless steel body for sturdy and durable
- Camo EVA foam non-split handle
- Spring loaded for easy catch and release
- A rope lanyard is included for security
- Size: 7"/17.8cm

## Heavy Duty Saltwater Fish Lip Grip

### X305S

- Corrosion resistant stainless steel body
- Designed for safely landing and handing large toothy fish
- Positive locking jaw action holds catch until you release it
- Ideal for quick and safe releases
- Good for both fresh and saltwater use
- Built-in scale, max capacity 30 KG
- Size: 13.5"

## Heavy Duty Plastic Lip Grip

### X309/X309S

- Land and release your catch without harm to you or the fish.
- Securely hold fish with one-hand.
- Quick release mechanism holds strong and releases with ease.
- Corrosion resistant.
- Includes wrist lanyard.
- Size: 9.5"/6.5"
- Max capacity up to 110 lbs

## Floating Fish Lip Grip

### X304/X304L

- Land and release your catch without harm to you or the fish
- Securely hold fish with one-hand
- Quick release mechanism holds strong and releases with ease
- Corrosion resistant
- Includes wrist lanyard
- Size: 6.5"/9.5"

### X304C

- Land and release your catch without harm to you or the fish
- Securely hold fish with one-hand
- Quick release mechanism holds strong and releases with ease
- Corrosion resistant
- Includes wrist lanyard
- Size: 6.3"/42g

### X304M

- Land and release your catch without harm to you or the fish
- Securely hold fish with one-hand
- Quick release mechanism holds strong and releases with ease
- Corrosion resistant
- Includes wrist lanyard
- Size: 4.1"/31g

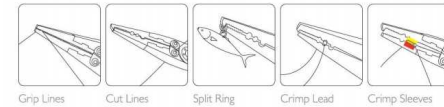

## Carbon Fiber

### Carbon Fiber Fishing Pliers

#### CX07-6

- Freshwater use, stainless steel pliers, with superior rigidity and durability.
- Multi-functional jaws for opening split rings and crimping.
- Tungsten carbide cutters, for easy cutting braided line.
- Rust free, new material clamping style of grip, for light-weight portable.
- Corrosion resistant coating treatment.
- Size: 7"/178mm

## Carbon Fiber Fish Lip Grip

### X33C

- Made of carbon fiber material, much lighter and more durable.
- Grip fish gently but securely to handle them more safely.
- Great for handling freshwater and small saltwater fish species.
- Size: 9.4"

## Type Carbon Fiber Hook Remover

### X64C

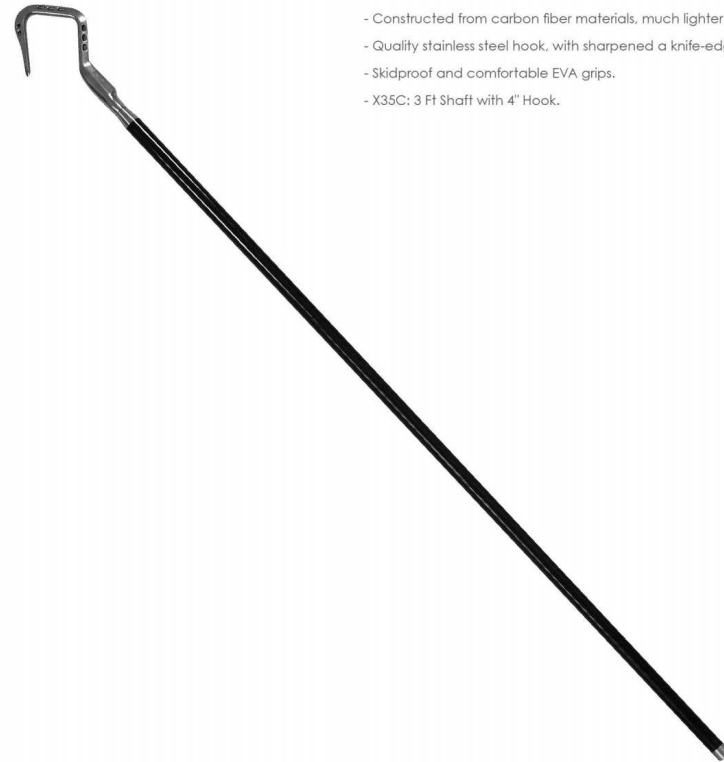

- Anodized aluminum tube, available with blue, gun-metal grey, red, gold and silver color.
- ABS handles & stainless steel jaws.
- Length: 170mm
- Net weight: 55g

## Carbon Fiber Fishing Gaff

### X35C

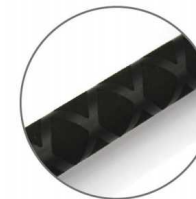

- Constructed from carbon fiber materials, much lighter and stronger.
- Quality stainless steel hook, with sharpened a knife-edge point.
- Skidproof and comfortable EVA grips.
- X35C: 3 Ft Shaft with 4" Hook.

Stainless Steel Gaff Head

Carbon Fiber

Anti-skid Grip

Lanyard

Aluminum handle for option.  
Item Code: X35A / X35AL

## Fishing Scissors

### Braided Line Scissors

#### XS651

- Heavy duty 5Cr15 Stainless steel serrated blade improve strength and control
- Titanium coated
- Engineered to idea for cutting monocarbon, fluorocarbon or braided line with ease
- Equipped with non-slip grip handles, crimp tools, bottle opener and lanyard hole
- Ergonomic handle with soft grip and strategic texturing enhances comfort
- Come with plastic sheath
- Overall length: 6.5inch/165 mm

### Braided Line Scissors

#### X409-4

- Stainless steel construction.
- Titanium coated.
- Serrated cutting edge, perfect for braided line cutting.
- Soft molded grips, with extra end hole for lanyard.
- Size: 120mm

### Mini Split Ring Opener

#### X409-5

- Stainless steel construction.
- Titanium coated.
- Mini split ring opener jaws.
- Serrated cutting edge, perfect for braided line cutting.
- Soft molded grips, with extra end hole for lanyard.
- Size: 120mm

## Ceramic Braided Line Scissors

### X643

- Specially designed for braided line cutting.
- Ceramic with almost diamond hardness, never-rust even in saltwater.
- Notched ceramic blade, guarantee perfect cut effect, by preventing line from skidding.
- Round cutter ends for safety.
- Light weight for easy use by one hand
- Overall length: 4.7"/12cm, with 1" ceramic blade.

## Ceramic Braided Line Scissors

### XS650

- High purity ceramic blade, stay strong and tough
- Serrated cutting edge, perfect for mono&braided line cutting
- PP grip, light weight and never rust even in saltwater
- Oversized finger and thumb holes for comfortable grip
- Overall length: 4.8"/122mm, blade length: 1.2"/31mm

## 4" Two Tone Grip Braided Line Scissors

### XS653

- Superior quality Stainless steel construction
- Serrated cutting edge, grip and hold braided line for easy, non-slip cutting
- Comfortable two tone grips
- Size: 4"/105mm

## 5.5" Two Tone Grip Braided Line Scissors

### XS654

- Stainless steel construction;
- Serrated cutting edge, grip and hold braided line for easy, non-slip cutting;
- With a hook sharpening plate
- Soft molded grips;
- Size: 5.5".

X642B

X642A

## Folded Braided Line Scissors

### X642

- Stainless steel construction. Folded design;
- Serrated cutting edge, grip and hold braided line for easy, non-slip cutting;
- Soft molded grips;
- Titanium coating for rust resistance.
- Size: 9.5cm Folded size: 9cm

### X642L

- Stainless steel construction. Folded design;
- Serrated cutting edge, grip and hold braided line for easy, non-slip cutting;
- Soft molded grips;
- Titanium coating for rust resistance.
- Size: 12cm Folded size: 11cm

Folded

## Braided Line Scissors

### X602

- Stainless steel construction.
- Serrated cutting edge, grip and hold braided line for easy, non-slip cutting.
- Soft molded grips.
- Size: 3.5"

## Braided Line Scissors

### X627

- Stainless steel construction;
- Serrated cutting edge, grip and hold braided line for easy, non-slip cutting;
- Soft molded grips;
- Size: 5.5"

### XS655

- Stainless steel construction
- Serrated cutting edge, perfect for braided line cutting
- Soft mould grips
- Size: 4.5"

### XS657

- Stainless steel construction
- Serrated cutting edge, perfect for braided line cutting
- Soft mould grips
- Size: 4.5"

## Stainless Steel Bait Scissors

### X624

- Stainless steel construction.
- Essential for preparing baits, removing old bait from the hook, trimming knots and many other tasks.
- Includes straight knife and serrated knife/fish scaler, bottle opener/bone cracker and vegetable peeler.
- 2-piece design allows for easy cleaning
- Size: 8".

## Bait Scissors

### X601

- Stainless steel construction.
- Serrated cutting edge, grip and hold ~~lock~~ with easy, non-slip cutting.
- Soft molded grips.
- Size: 4.5"

## Fly Fishing Line Clipper

### X614

- Stainless steel construction with a razor-sharp cutting edge.
- The larger "thumb bar" makes it for easy use, even with gloves on.
- Comes with a line pick and cutting knife.

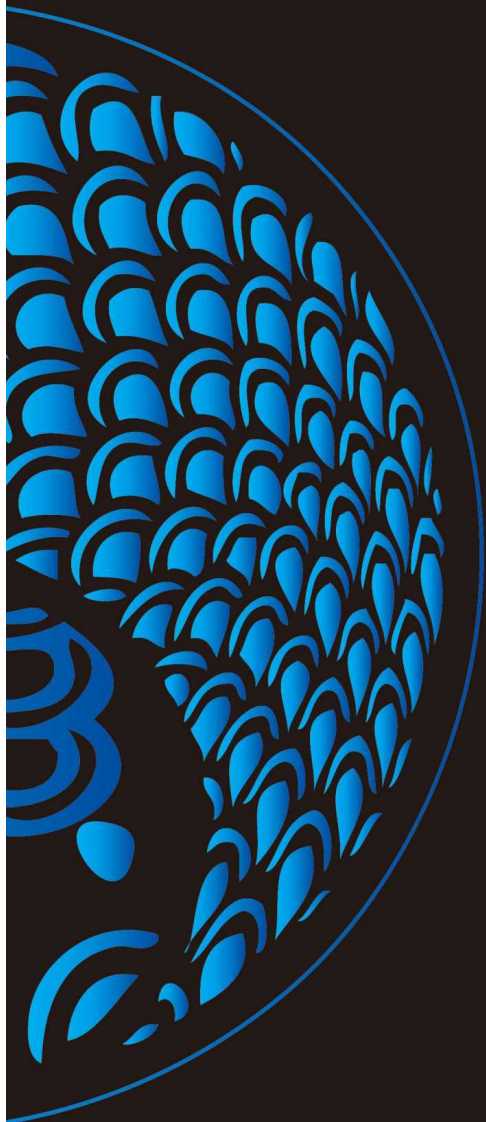

### X615

- Stainless steel construction.
- Perfect for attaching backing or leader to your fly line.
- Comes with hook eye cleaning pin and slip resistance "thumb bar".
- Available in either satin or black finish.

### X616

- Stainless steel construction.
- Perfect for attaching backing or leader to your fly line.
- Comes with a quick knot-tying tool.
- With diamond area for hook sharpening.

## Fishermens' Mate

### TPR Fillet Knife

#### XK06

- Stainless Steel Slim Blade
- 14.5cm Long Plastic TPR handles, for comfortable grip
- With protective sheath
- Color can be customized

## Fillet Knife

## Knife Sharpener

### KS01

- Compact design. Light weight portable.
- Big and non-slip thumb area for tightly holding the sharpener.
- Size: 75\*58\*25mm

## Portable Diamond Folding 5"Knife Sharpener

### XH609

- Diamond sharpener for widely application for knife, scissors and etc
- 400/600 Grit features a coarse side, and a fine side
- Honeycomb interrupted surface helps speed up the sharpening by collecting the metal filings that accumulate
- Anti-slip folding handle fits well in the pockets and bags
- Size: folding :5", unfolding:9"

## Retractable Ceramic Hook Sharpener

### XH611

- Sharpen your fishing hooks and extend the life of the hook points
- Portable and lightweight with extension design, very convenient to carry
- Ceramic construction for lightweight and durable
- Size: 2.5 cm/0.98" x 8.5 cm/3.4"

## Diamond Grooved Hook File

### X607

- High quality steel construction.
- Diamond quality steel construction.
- Groove is for hook sharpening and flat section for knives.
- Rounded edges to reduce wear on pockets when file is stored.
- Extended rubber grip to increase comfort and ease of use when sharpening.
- Size: 4"

## Compact Knife Sharpener

### X612B

- Compact knife sharpener with suction cap base
- Tungsten carbide blades for effective sharpening
- Lightweight and compact for easy storage

## Mini Hook File

### X610

- Stainless steel constructed.
- One side of fine grits, for quick honing. One groove for perfect hook sharpening.
- Size: 64x19mm, weight: 15g

## Hookout Tool

### X61

- Safely removes hooks, lures and flies with its powerful, spring-operated, non-slip jaws.
- Teflon finished body to ensure rust-free in saltwater.
- A right-angle design also gives you a clear view for removing deeply swallowed hooks.
- Available with black, gun-metal grey color.
- Length: 9.5"/240mm

Dipped Handles

Molded Handles

## Aluminium Hook Remover

### X62 / X63

- Anodized aluminum tube, available with blue, gun-metal grey, red, gold and silver color.
- ABS handles & stainless steel jaws.
- Length: 245mm / 345mm
- Net weight: 130g / 160g

## T Type Aluminium Hook Remover

### X64 / X65

- Anodized aluminum tube, available with blue, gun-metal grey, red, gold and silver color.
- ABS handles & stainless steel jaws.
- Length: 170mm / 250mm
- Net weight: 55g / 75g

## Heavy Duty Saltwater Fish Hook Remover

### XR801/XR802

- Stainless steel construction
- Remove embedded hooks safely and cleanly
- Great for large and medium size fish
- 304 stainless steel hook with anodized aluminum grip for resists corrosion
- T shape handle for easy use and handy grip
- 12" overall length, 5" long handle

XR802

XR801

## Saltwater Fish Hook Remover

### XR803

- Quickly and cleanly remove deep set hooks from your catch
- Anodized aluminum tube and stainless steel hook for resists corrosion
- Ergonomic ABS handles that can fit your palm perfectly are great for single hand operation
- Length: 355mm

## Magnetic Net Release

### X67

- Anodized aluminum body.
- Superior shape & design, with two rings and a carabiner for easy attachment.
- Powerful magnet force: 7.7lb / 3.5kg.

## Magnetic Net Release

### X67D

- Anodized aluminum body
- Superior shape & design, with two rings and a carabiner for easy attachment
- Powerful magnet force: 3.5kgs/7.7lbs

## Heavy Duty Heavy Duty Magnetic Net Release 5KG

### X67I

- Anodized aluminum body for corrosion resistant
- Heavy duty magnet power up to 10 lb/4.5 kg
- Come with 2 stainless steel rings and 1 carabiner clip
- Use it with fishing pliers, nippers, forceps or other heavier fly fishing gear

## Plastic Magnetic Net Release

**X67P-2**

- Plastic body, available with blue, red, green and black
- Superior shape and design with two rings and a carabiner for easy attachment
- Powerful magnetic force: 3kgs/7.7lbs

## Heavy Duty Wire-in Lanyard

**X93**

- Completely made of steel wire-in lanyard.
- Inner wire dia.: 0.5mm
- With superior carabiner.
- Max stretched length: 59"/ 150cm
- Customized style is acceptable.

## Fly Fishing Magnetic Release Holder

**X672**

- Nylon & glass fiber body with soft touch
- Come with 2 stainless steel rings and 1 carabiner clip
- Magnetic power up to 3.3 lb/1.5 kg

## Plastic Zinger & Line Scissors

**XL93I**

- Plastic made portable zinger with cord.
- Inner cord length: 60cm.
- Zinger part size: about 5x3cm.

## Towel Clip

**X93FG**

- Clip with fit every towel
- Including carabiner
- Size: 87\*27mm

## Magnetic Release Holder with Retractable Wire Coiled Lanyard

**XF673**

- Anodized aluminum body for corrosion resistant
- Attached with a adjustable heavy duty wire coiled lanyard
- Come with 2 stainless steel rings and 1 carabiner clip
- Use it with fishing pliers, nippers, forceps or other heavier fly fishing gear
- Magnetic power up to 7.7 lb/3.5 kg

## Line Clipper & Hook Sharpener Combo

### X614C

#### 1. Line Clipper

- Stainless steel construction with a razor-sharp cutting edge;
- The larger "thumb bar" makes it for easy use, even with gloves on;
- Comes with a line pick and cutting knife;
- Size: 6.2cm

#### 2. Mini Hook Sharpener

- Stainless steel constructed.
- One side of fine grits, for quick honing. One groove for perfect hook sharpening.
- Size: 64x19mm, weight: 15g

## PR Bobbin Knotter

### X633A

- A more user-friendly fast knot-tying tool, can easy adjust the tightness of PR knotter.
- Unique design of adjustable tube, makes fishing line more paralleled.
- The gravity weight: 60g.

## Line Clipper & Hang Belt Fish Ruler

### XCO-5

#### 1. Line Clipper

- Stainless steel construction with a razor-sharp cutting edge;
- The larger "thumb bar" makes it for easy use, even with gloves on;
- Comes with a line pick and cutting knife;
- Size: 62mm

#### 2. Hang Belt Fish Ruler

- Ribbon hang belt, printed by a fish ruler for measuring.
- With an extra plastic buckle and latch hook, for easy and quick connection to other tools as scissors, etc.
- 20mm wide ribbon, for comfortable hanging around the neck, or easy attach onto bags.
- Fish ruler's measuring length: 90cm.
- Customized style is available.

### X633D

- A more user-friendly fast knot-tying tool, can easy adjust the tightness of PR knotter.
- Unique design of adjustable tube, makes fishing line more paralleled.
- The gravity weight: 50 g, 60g and 70g, for option.

## Foldable Line Scissors & Hook Sharpener

### XCO-6

#### 1. Foldable Line Scissors

- Stainless steel construction. Foldable design.
- Serrated cutting edge, for easy non-slip braided line cutting.
- Unfolded size: 95x55mm. Folded size: 90x27mm.

#### 2. Hook Sharpener

- Retractable design for compact storage.
- Fine grit stone restores point in seconds.
- Size: 85x25mm.

### X633B

- A more user-friendly fast knot-tying tool, can easy adjust the tightness of PR knotter.
- The gravity weight: 60g.

## Aluminum Gimbal Belt

### X68

- Anodized aluminum gold gimbal, with adjustable waist strap.
- 11 inch wide. Weight: 325g
- Inner diameter of tube: 50mm

## T-bar Fishing Gimbal

### X69

- Aluminum gimbal.
- No-weld technology, corrosion resist.
- EVA foam grips, with comfortable support while fishing.
- Toothed rubber insert, for secure fixation and easy removal of rod: Suitable for rod end dia. 22~27mm.
- Light weight of 360g; Dimension: 263x96x44mm.

## Fish Bat

### X66

- Anodized aluminum head, Dia. 25mm, available with blue, red and gold color.
- With non-slip comfortable EVA foam handle, and a lanyard.
- Length: 255mm Net weight: 130g

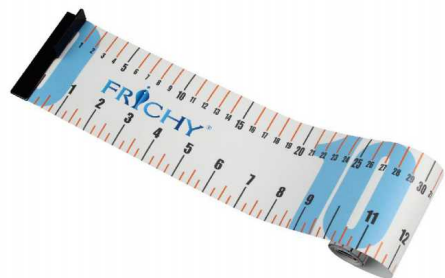

## Aluminum Fish Bat

### X622

- Aluminium construction.
- Rubber wrapped handle.
- Size: 18" Weight: 300g

## Deluxe Fish Ruler

### X94S

- Portable fish ruler.
- Durable PVC material made.
- Width of ruler: 8cm.
- Measure length: 120cm.

### X94SL

- Portable fish ruler.
- Durable PVC material made.
- Width of ruler: 8cm.
- Measure length: 140cm.

### X94L

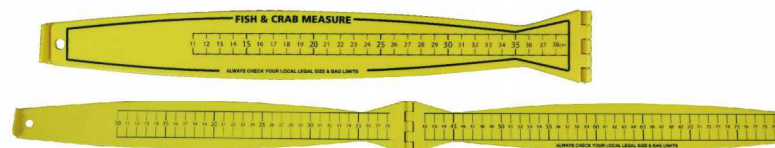

- Deluxe fish ruler, used on kayak or boat
- Durable PVC material made, with acrylic plate
- Superior UV printing, for outdoor use
- Width of ruler: 20 cm, measure length: 120 cm
- Width of ruler, and measure length, can be customized

## Foldable Plastic Double Sided Ruler

### X94P

- Double sided ruler, with swinging hinge structure, which can be used by 2 ways.
- Light weight PP plastic made.
- Shiny color, for easy finding in outdoor.
- Folded measuring length: 38cm.
- Unfolded measuring length: 80cm.

## Aluminum Fish Ruler

### X94A

- Anodized aluminum fish ruler is sturdy and corrosion resistant.
- L shape is designed to measure fish accurately.
- Measure nose first into the L bend.
- Equipped with pre-drilled holes for mounting
- Ruler measures: 15"/22"/32"/40".

## Fish Scale

### X644A

- Weights fish up to 12kg/28 lbs
- Built-in tape measures up to 39 in/1 m
- Weighs in both lb. and kg

## Digital Hanging Fish Scale

### X644C

- Extremely accurate scale with a 55 lbs./25 kg weight capacity that reads in: lb. (pounds), lb.: oz. (pounds/ounces), oz. (ounces), kg (kilograms)
- Equipped with a easy to read, hi-contrast blue backlit LCD display - runs on 2 AAA batteries (included)
- Auto off function ensures you wont drain your batteries and an audible weight lock sound helps you know when your weight is ready to be viewed accurately.

## Fish Scale With Measure Tape

### X644B

- Weights fish up to 22kg/50 lbs
- Calibrate measurements with zero balance adjustment
- Folding handle and hook provide safe handling and portability
- Built-in tape measures up to 39 in/1 m

### X644H

- Heavy-duty composite stainless steel hook
- 50KG capacity built-in tape measures up to 59"/150cm
- Calibrate measurements with zero balance adjustment
- Back light LCD display
- Auto off function

## Digital Fish Scale with Measure Tapes

### X644B-2

- Extremely accurate scale with a 165 lbs./75 kg weight capacity that reads in:lb.:oz.(pounds/ounces),oz.(ounces),kg(kilograms)
- Equipped with a easy to read,hi-contrast blue backlit LCD display
- runs on 2 AAA batteries(included)
- Auto off function ensures you wont drain your batteries and an audible weight lock sound helps you know when your weight is ready to be viewed accurately.
- Built-in tape measures up to 39 in/1 m

### X644K

- Classic digital scale with 45kgs/100lbs capacity
- Equipped with a easy to read and green backlit LCD display
- Ergonomic grip handle design

## Digital Fish Scale

### XD646

- Digital scale weight fish up to 50 kg/110 lbs
- Big LCD with blue backlight
- Unit change, kg, LB, "C" temperature, "F" temperature
- Hold function
- With thermometer function
- Easy operates with 2x AAA batteries (included)

## Floating Digital Fish Scale

### XD645

- Digital scale weight fish up to 50 kg/110 lbs
- Stores up to ten replaceable weight in memory
- Big LCD size 41x23mm. With blue backlight
- Floating
- Water resistance
- Unit change, kg, LB, "C" temperature, "F" temperature
- Hold function
- With thermometer function
- Easy operates with 1x CR2032 battery (included)

## Fish Scale

### X644L

- Weight capacity: 54kg/ 120lb, reads in: lb, kg.
- With a button of return-to-zero function.
- With nylon bag package
- Customer design on face scale is available

## Handy Catching Fish Glove

### X646A

- Made from tough polyethylene, nylon and spandex. It can protect your hand hurt by dangerous fish sharp teeth and fins
- Equipped with magnetic force, convenient to carry, easy to access. The magnet can be bearing 3kg
- Comprehensive latex coating form wrinkled surface to provide better grip and waterproof keep the slime off your hand
- With 3 different sizes for different fishman.

## Cut Resistant Gloves

### X646B

- With 3 different sizes to fit most of hands and protect your hands.
- A comfy blend of natural and synthetic fibers with stainless steel provides the best protection ever.

## 3PCS Fishing Knife Combo

### XCO-2

- Fishing Knife:
- 7" Stainless steel slim blade.
- 5.5" TPR handles.

- Knife Sharpener
- Compact design. light weight portable.
- Size: 75\*58\*25mm.

- Cut Resistant Gloves
- Synthetic fibers with stainless steel.
- Level 5 cutting-resistant.

## Fishing Forceps

### X632A

- Drop forged stainless steel construction.
- Anti-rust nickel finished.
- Non-slip flexible paint handles.
- Size: 6.5"/8.5"

## Insulated Fish Cooler Bag

### X901

- PVC leather on the outside
- 500 Denier Tarpaulin material inside
- High grade waterproof insulation
- Heavy duty zippers
- Durable carry handle
- Easily collapsible for storage
- Size: 50x25x40CM/60x25x40CM

### X902

- PVC leather on the outside
- 500 Denier Tarpaulin material inside
- High grade waterproof insulation
- Heavy duty zippers
- Durable carry handle
- Easily collapsible for storage
- Size: 70x30x45CM/80x30x45CM

## 3PCS FISHING CUTTING COMBO

### X87

- MINI ALUMINUM FISHING PLIERS
- 4.5" Aluminum Fishing Construction.
  - With Tungsten carbide cutters.

- Fishing Forcep
- 6" Stainless Steel with anti-rust Nickle finish.
  - Non-slip flexible paint handles.

- Magnetic Net Release
- Material: Aluminum & Magnet.
  - Magnet force: 7.7lb/3.5KG

### X904

- PVC leather on the outside
- 500 Denier Tarpaulin material inside
- High grade waterproof insulation
- Heavy duty zippers
- Durable carry handle
- Easily collapsible for storage
- Size: 120x30x50CM

## Pliers Sheath

### X90D

- Nylon pliers] sheath, with a stainless steel rotatable belt clip
- Molded pouch for quick take-up and holstering.
- Size:13.5cm

## Rubber Pliers Sheath

### XM901L/S

- Durable rubber construction
- Swiveling design for comfort and convenience
- With drain hole in the bottom to keep water flowing through
- ABS belt clip
- 2 size is available,large and small
- Pliers not included,obviously
- XM901L:Large one for pliers 7" ,7.5" and 8"
- XM901S:Small one for pliers 5" and 6"

## Molded Plier Sheath

### X90P

- Plastic molded plier sheath, for quick take-up and holstering.
- Stainless steel clip for strong fastening, and durable use.
- Size of inner sheath: 67mm wide, 15mm thick.

## Neoprene Fishing Reel Cover

### XR01

- Neoprene covers easily stretch out and slide out of the grinder.
- Protects your fishing reel from bumps and scratches.
- With fastening strap, easy to use.
- 2-layer design, grinder and handle can be stored separately.
- Size S: 12.5 x 14.5 cm, suitable for 500-2000 series reel.
- Size M: 15.30 x 18.00 cm, suitable for 2000-4000 series reel.
- Size L: 17.50 x 21.50 cm, suitable for 5000-6500 series reel.

### XR02

- Neoprene covers easily stretch out and slide out of the grinder.
- Protects your fishing reel from bumps and scratches.
- With fastening strap, easy to use.
- 2-layer design, grinder and handle can be stored separately.
- Size : approx 17 x 14.5 x 4 cm
- Customized size is available

### XR03

- Neoprene covers easily stretch out and slide out of the grinder.
- Protects your fishing reel from bumps and scratches.
- With fastening strap, easy to use.
- Size : approx 12x 12.5 cm
- Customized size is available

### XR04

- Neoprene reel cover to prevent the fishing reel from being bumped and getting worn
- Model No.:
- XR04\*80    XR04\*L
- XR04\*50    XR04\*M
- XR04\*30    XR04\*S
- 6 sizes are available

## Fishing Rod Wraps

### FRW01

- Made by NBR material, and velcro catches, perfect for waterproof, elastic and tightly-banding for most fishing rods.
- Logo Sticker can be stitched on the wraps.
- Size: 24 x 4cm, or *customized*.

## Plastic Bottle Holder

### X92D

- Superior braid ribbon, with high tenacity plastic bottle buckle.
- Velcro strap and copper snap fastener, for tight connection.
- With an extra D-ring, for easy attachment to other tools, or extended lanyard, etc.
- Size: 165x25mm.
- Color available: Navy green, Khaki brown, Black.

## Portable Mini Fishing Line Spooler

### X635

- Weather resistant material
- Attaches securely to different sized rods
- Fits various spool sizes with adjustable tension
- Compact enough to take on any fishing trip
- Perfect tension every time

## Aluminum Line Spooler

### X623

- Aluminum construction.
- Suction cap mount.
- Fully adjustable spool width.
- Line tension control.

## Portable Fishing Line Winder

### XL95I

- High grade of oxidised aluminium alloy ensures the fishing reel spooler is long-lasting and durable.
- Double-headed fastening spring ensures maximum reel tension.
- Come with strong clamp to increase stability

## Aluminum Quick Rigger Tools

### X70/XQ701

- Air craft grade aluminum tube
- Sepcifically designed for easy ring loading
- Come with 10 replacement O-Rings
- Size:5"/130mm 5.5"/135mm

X70 5"

XQ701 5.5"

## Aluminum Quick Wacky Rig Tools with Coiled Lanyard

### XQ703

- Easily and quickly rig your worm-style baits
- Air craft grade aluminum tube with camo coated
- Sepcifically designed for easy ring loading
- Come with 10 replacement O-Rings
- Comes with an adjustable coiled lanyard
- Size:5"/130mm

## 100 Pieces O-Ring Wacky Rig Kit

### XQ704

- Made of high-quality silicone, durable and reusable
- NO O RING TOOL NEEDED! Great for SIGHT fishing.
- Small teeth on ring helps hold bait in place and not slip off the ring.
- Available size:10mm/0.4 inch or 7mm/0.28inch

## Fishing Speed Beam Culling System

### XL952

- Aluminum Alloy body with Anodized treatment
- 304 stainless steel connected rings
- Wide and strong gripping zinc-plated grips
- Sure grip t-shaped aluminum handle
- Corrosion resistant
- Size: 263\*94MM

## Fly Fishing Tippet Spool Holder

### XF675

- Anodized aluminum bar, lightweight and corrosion resistant
- Built-in bungee cord, strong spring force, easy to stretch
- Keep tippet spools in order and readily available
- Size: 50 mm/2 inch\*40mm/1.6inch
