RESISTANCE TEST

DIAMETER TEST

Con la colaboración de uno de los mayores fabricantes de hilos del mundo hemos desarrollado una gama de hilos con las siguientes características:

- 1) todos los lotes de hilos son testados en AZ TRADING.
- 2) La resistencia y el diametro son REALES.
- 3) En cada etiqueta hay un código **QR** demostrando y constatando las características de cada uno de los hilos.

In collaboration with one of the largest fishing line manufacturers in the world, we have developed a range of lines with the following characteristics:

- 1) All batches of this lines are tested at AZ TRADING.
- 2) The resistance and the diameter are REAL.
- 3) On each label there is a **QR** code demonstrating and verifying the characteristics of each of the lines.

El trenzado Delta está recubierto con un protector de superficie de teflón. Esto hace que la superficie sea más suave, lo que permite una distancia de lanzamiento más larga, alta resistencia a la abrasión y al nudo. El teflón hace que la línea sea más duradera.

Delta Braided line is coated with Teflon surface protector. This makes the surface smoother, enabling longer casting distance, high abrasion resistance and knot strenght. Teflon makes the line more durable.

La ligne tressée Delta est recouverte d'un protecteur de surface en téflon. Cela rend la surface plus lisse, permettant une distance de lancement plus longue, une résistance élevée à l'abrasion et une résistance aux nœuds. Le téflon rend la ligne plus durable.

Eco Kids School Association

Teach 30.000 kids under the age of 14 years old (other ages are allowed)

AZ Trading (España) es el principal patrocinador del Proyecto KIDS SCHOOL.

Nuestro objetivo es ayudar a formar a 30.000 niños a través de la educación, para un futuro mejor en el respeto al medio ambiente: ríos y mares y las especies que habitan.

Todos los programas de formación son completamente gratuitos.

El programa básico tendrá una duración aproximada de 70 minutos, en los que gran parte del tiempo se dedicará a explicar el terrible impacto de los plásticos y otros materiales en el medio ambiente. Como este es un proyecto vivo, lo mejoraremos a medida que crezca nuestra experiencia y sus sugerencias.

Para más información, por favor contacta con association@ecokidsschool.es
