High Performance Offshore Gear

BUILT FOR FISHING

PELAGIC (PE-'LA-JIK) DEFINITION: Adjective: 1. Of, related to, or living in the open oceans and seas, rather than areas near land. 2. A highly migratory predator such as marlin, tuna, mahi mahi, wahoo, and sharks which reside in open water – amongst the most highly prized and sought-after gamefish in the world.

For over 20 years, PELAGIC has provided the dedicated waterman with the best technical apparel, premium polarized optics, and ocean-inspired gear.

Founded in 2002 off the coast of Southern California, PELAGIC was inspired by a love for the offshore lifestyle and the need for products that professional captains, mates, deckhands, and watermen could rely on. PELAGIC has used years of feedback from these top professionals all around the world to provide the ultimate performance, protection, and comfort they need, when it counts the most.
